

Zeta \times Plex™ Complete

3-0-0 WITH L-AMINO ACIDS

A highly concentrated supplement that supplies the building blocks of proteins and specific amino acids to increase photosynthesis.

GUARANTEED ANALYSIS

Total Nitrogen (N).....3.0%
 2.89% Soluble Organic Nitrogen (N)
 0.11% Nitrate Nitrogen (N)
 Magnesium (Mg)0.5%
 Manganese (Mn).....0.1%
 Derived from: : protein hydrolysate, magnesium nitrate, manganese EDTA

NON-PLANT FOOD INGREDIENTS

Free Amino Acids..... 15.5%
 Natural Amino Acids 20%
 Derived from: Protein Hydrolysates

L-AMINO ACIDS:

L-Alanine..... 4.3%	L-Lysine 6.3%
L-Arginine 7.6%	L-Methionine..... 1.3%
L-Aspartic Acid 11.6%	L-Phenylalanine 4.8%
L-Cysteine 1.3%	L-Proline..... 5.1%
L-Glutamic Acid..... 19.1%	L-Serine 5.2%
L-Glycine..... 4.2%	L-Threonine 3.7%
L-Histidine 2.6%	L-Tryptophan..... 1.4%
L-Isoleucine 4.9%	L-Tyrosine 3.8%
L-Leucine 8.2%	L-Valine 4.6%

Weight per gallon: 8.9 lbs
 pH: 5.3

Zeta \times Plex Complete is intended as a supplement to a regular fertilization program and may not by itself provide all the nutrients normally required by plants

The information contained in this brochure is believed to be accurate and reliable. It is provided as a means of explaining the products for the benefit of the potential user. EnP Investments cannot be held responsible for any unintentional errors in description of usage due to errors or omissions. EnP Investments further warrants that the products represented in this brochure conforms to the chemical description and are reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use. EnP Investments shall not be responsible for incidental or consequential damages resulting from the use of any product contrary to label instructions or under abnormal conditions or conditions not reasonably foreseeable to EnP Investments.

ZETA \times PLEX™ COMPLETE

- The most comprehensive and concentrated amino acid supplement for turfgrass.
- 100% plant-derived amino acids using a patented extraction process.
- A complete package of ideally proportioned L-amino acids.
- Plants use these amino acids to build proteins and increase photosynthesis. Zeta \times plex™ Complete supplies Mg and Mn, key nutrients for creating proteins and chlorophyll.

BETTER STRESS TOLERANCE

Zeta \times plex™ Complete is a naturally absorbed amino acid supplement. The addition of L-amino acids improves the metabolic efficiency of the plant. Rooting is enhanced and photosynthesis increased leading to better health, especially during periods of extreme stress. It heightens bio-chemical and bio-mechanical activity within the plant leading to greater production and storage of carbohydrates.

IMPROVED UPTAKE AND UTILIZATION

Zeta \times plex™ Complete facilitates greater uptake of nutrients. Foliar uptake of most plant nutrients is inhibited by the natural charge carried by most nutrients. L-amino acids chelate nutrients eliminating their charge thereby increasing the likelihood of foliar uptake. It improves uptake of many pesticides and growth regulators leading to better efficiency of many tank mix chemistries.

GENERAL USE GUIDE

Highly concentrated formulation requires low use rates.	
Greens and Tees	Apply 1.0 to 2.0 fl oz per 1,000 sq ft for maintenance applications on greens, tees, or fairways
Sports Turf and Lawns	Apply 1.0 to 2.0 fl oz per 1,000 sq ft for maintenance applications
Recovery and Extreme Stress	Apply 3.0 fl oz per 1,000 sq ft
